

NO FIT TESTING REQUIRED

Harmful contamination can occur while inspecting and repairing contaminated areas such as piping and ventilation systems. Airborne particle threats are produced while performing various mechanical processes on contaminated and irradiated components.

Our complete systems provide safer protection that is more comfortable to wear and easier to use and maintain.

All MAXAIR SYSTEMS are NIOSH Approved

HARD HAT

Hard Hat systems provide respiratory and head and face impact protection. (Type I Hard Hat and ANSI Z87.1 Impact Lens.)

CA-DLC-CAPR-36-HH¹ System with 2264-01ML/2264-01SM Single Shroud² and 2061-04A Hard Hat⁴

HOOD

Configured for situations calling for a single piece covering of the entire Helmet, Head, and Neck for maximum protection against self contamination and for fast donning and doffing.

CA-DLC-CAPR-36¹ System with 2272PB-07ML/2272PB-07SM Double Hood³

CUFF

Comfortable and Convenient for moderate situations.

CA-DLC-CAPR-36¹ System with 2365-02ML/2365-02SM Cuff

***MAXAIR Systems include numerous additional configurations to ensure there is a MAXAIR for your specific needs.**
